

EXCEPTIONAL VALUE FROM ALBERTO ORTE

October 28, 2019

Made from 100% Tintilla, and grown on albariza soils in the warm land of Sherry, Alberto Orte makes this delicious bottle from a single vineyard site, Atlántida. Cadiz, located in the heart of Jerez is known quite famously for this production of sherry made in the historic solera system. One of its best-kept secrets, though, is the still red wines that hail from there. Tintilla is beloved for its mineral-driven, chalky flavors with decadently ripen black fruits. This wine is an unbelievable value!
