

NEW YEAR, NEW PRODUCER

January 14, 2020

To help ring in the New Year, Chambers & Chambers has happily welcomed a new winery to our domestic portfolio, TOR Wines. Although the winery was established in 2001, proprietor and founder Tor Kenward has been trekking throughout the Napa Valley for nearly 40 years. After learning and working alongside the best and biggest names in the Napa Valley, Tor and his wife, Susan set out to create their own wine from the land they had fallen so in love with.

TOR Wines hand selects each block from each vineyard they source from with careful intent and worked hard so each bottling is wholly expressive of the terroir from which it hails. We are thrilled to introduce a stunning lineup from such a dedicated team!
